Discover *our essence*

The name of Costa Rica truly describes what we are: a country with a rich biodiversity and with landscapes beyond compare. The love for our country does nothing but grow every time we are portrayed as an example of peace, and as a place to retire in a wholesome environment.

Both oceans can be seen from the top of our mountains, as we are a small country but with a great vision of the world. Costa Ricans know that hard work and resilience are the only ways to achieve their goals.

And for some of us, furniture-making is the ultimate goal, that very gateway through which we can reach the land where we can excel.

Talented *by nature*

Every piece of wood gets from our craftsmen the traces of their fine skills, as nothing is held back. Every effort is made to come about with the best pieces of furniture, through finesse, and fine, delicate touch. From the exotic land of Costa Rica, we give you the chance of enjoying a little but refine part of our country, whether for your home or whether for your office.

Kind of woods that our companies usually work: Mahogany wood (*Carapa guianensis*), Cedar wood (*Cedrela odorata* L.), Cenízaro wood (*Samanea saman* (Jacq.) Merr.), Cypress wood (*Cupressus lusitanica* Mill); Cocobolo wood (*Dalbergia melanocardium* Pittier), Eucalyptus wood (*Eucalyptus camaldulensis* Dehnhardt); Laurel wood (*Cordia alliodora* (Ruiz & Pav.) Oken); Melina wood (*Gmelina arborea* (L.) Roxb.); Pine wood (*Pinus radiata* D. Don); Pochote wood (*Bombacopsis quinata* (Jacq.) Dugand); Teak wood (*tectona grandis* L.f), MDF (Medium Density fibreboard); HDF (High Density Fibreboard) and chipboard.

Also, our companies can work with other materials like: glass, leather, aluminum, stainless steel, bronze, and copper and they work can see in many hotels, restaurants, condominiums & residences beyond all Costa Rica and other countries like Panamá, Guatemala, Dominican Republic & United States.
